Biography:

JOSH KREISMAN
ASSOCIATE

vCard

Josh Kreisman is a CPA, CA (Canada) with over 5 years' experience in public accounting, forensic accounting, litigation support and business valuation. Prior to joining GlassRatner, Josh worked for Ernst & Young in their Halifax, Ottawa, and Toronto offices and as a Senior Staff Accountant in the EY Toronto Audit Group. He also previously worked at a public accounting firm in its Business Valuation and Forensic Accounting practice.

Some of Josh's relevant experience includes:

- Assessment of the financial impact on a proposed city de-annexation in southern Georgia. Duties included analysis of estimated lost annual tax revenues, impact on assessed values of property and the city's ability to finance remaining debt obligations;
- Assisted with the preliminary calculation of damages relating to the class-action Yahoo Data Breach lawsuit, the largest data breach in the world, specifically assessing the impact and estimated lost value of Personal Identifiable Information (PII) for each class member;
- Litigation support in connection with a class action damages claim by a group of investors against the largest commercial real estate services firm in the U.S. seeking $84M in damages. Josh was responsible for the forensic reconstruction of general ledger accounts, funds tracing, commercial real estate market trends in the State of Florida, critique of opposing expert reports, and jury trial demonstratives;
- Forensic tracing analysis of credit card purchases relating to an alleged $4M shareholder fraud over a 6 year period;
- Preparation of a Limited Critique Report relating to the damage quantification of two co-authors in dispute;
- Preparation and analysis of loss of profit reports for plaintiff construction companies over breach of contracts with multiple municipalities;
- Various litigation, due diligence, and forensic accounting support on multiple ongoing matters in a variety of industries; and
- Preparation of valuation reports in relation to shareholder and matrimonial disputes.

Josh graduated with a Bachelor of Commerce (Accounting) from Dalhousie University in Halifax, Canada and is a CPA, CA (Chartered Professional Accountant, Chartered Accountant) with CPA Ontario.
