STRIP KWIK **SAND FILTERS**

1. Backwash and Rinse the filter.
2. Turn OFF pump.
3. Pour one quart of ***Strip Kwik*** into the pump strainer (not the skimmer basket).
4. With filter in the Backwash position, turn pump on for about 5 seconds or until you no longer see the purple color in the strainer housing.
5. Turn OFF pump and move multi-port handle to the Closed position.
6. If you have a timer, remove clips (or shut off breaker before timer).
7. Leave pump OFF overnight.
8. Thoroughly Backwash then Rinse the filter.
9. Resume normal operations (replace timer clips).
