# Standard of Quality

- Manufacturer of quality liners since 1971, over 35 years of quality.
- Kafko offers premium pool liners designed to withstand harsh environments.
- Kafko vinyl is manufactured with bleach resistant inks and UV inhibitors to protect against fading and sun damage.
- Liners are equipped with algae inhibitors, which aid normal sanitizers to protect Kafko liners for a long life.
- Available in 20 gauge and 30 gauge. Also available as 30/20 blend, only if pattern is offered in 20 gauge and 30 gauge.
- Kafko True-Fit liners are manufactured under strict Quality Control Procedures to ensure exact fit.
- Available in a wide array of styles and custom designed shapes.
- New or replacement liners are available; restyle your backyard!

All Kafko prints are copyright and industrial patent design protected.

Color of material may vary. Ask to see an actual sample.

Seam lines are more visible on patterns that are printed on white base material.

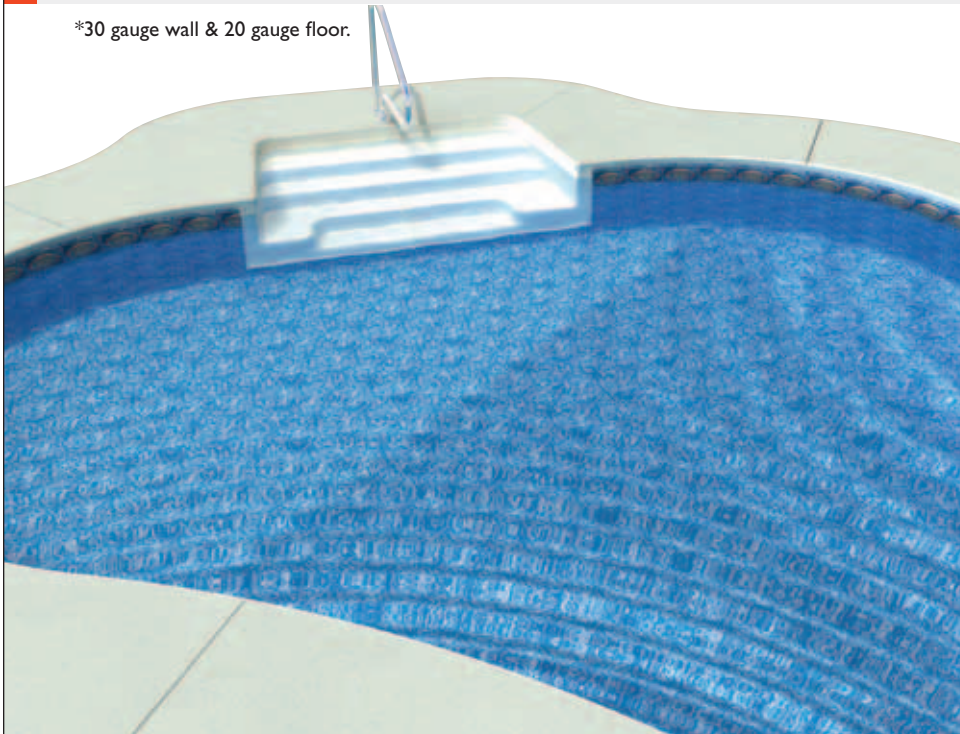

Certain patterns may be exclusive to geographic locations.

Visit us at [www.kafko.com](http://www.kafko.com) for a complete description of all our product offerings.

## LAZARO TILE / PRISM

Available in: 20 Gauge / 30 Gauge / 30\*-20 Blended Gauge

\*30 gauge wall & 20 gauge floor.

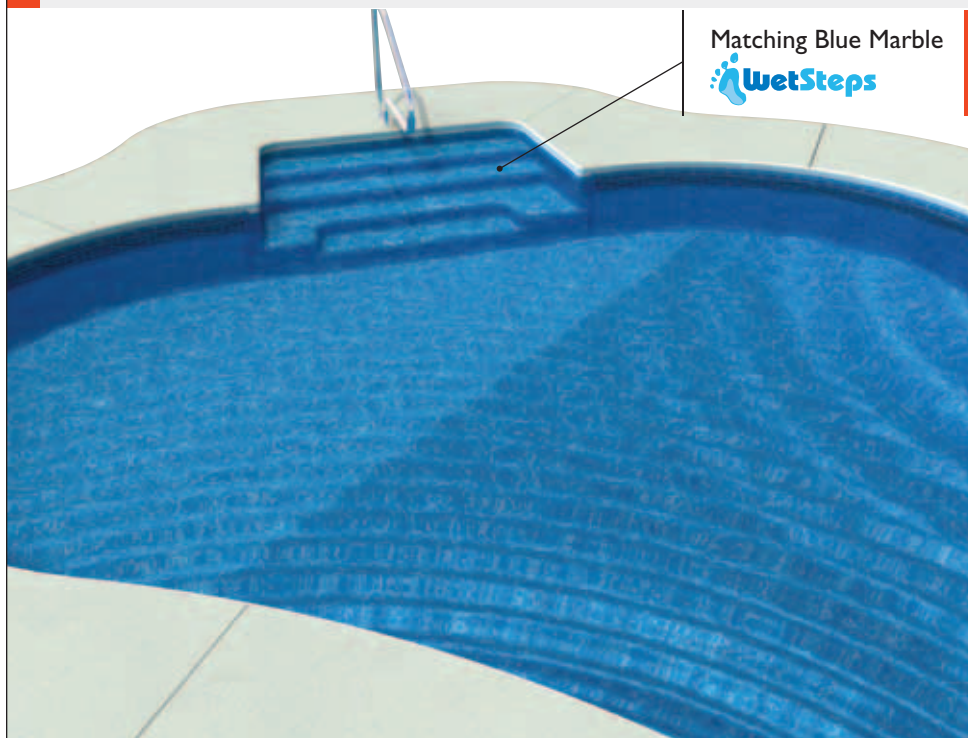

**Note:** All blended gauge liners - add 15% up charge

**MAXimum  
Durability**

Look for this symbol on choice patterns for MAXimum durability.

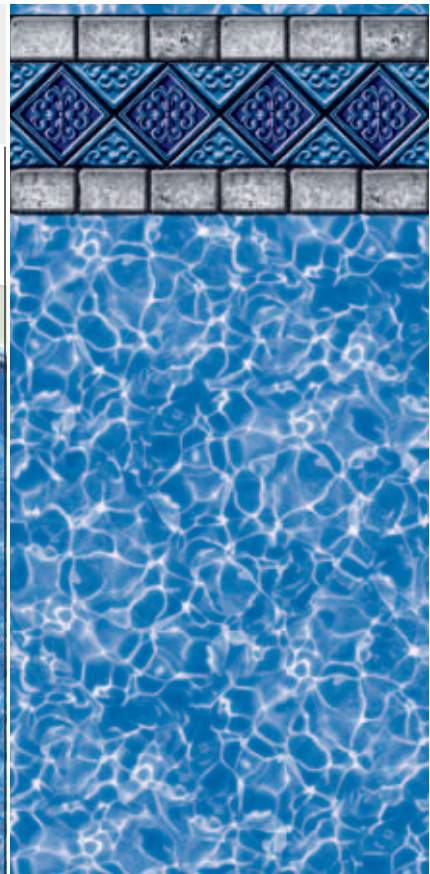

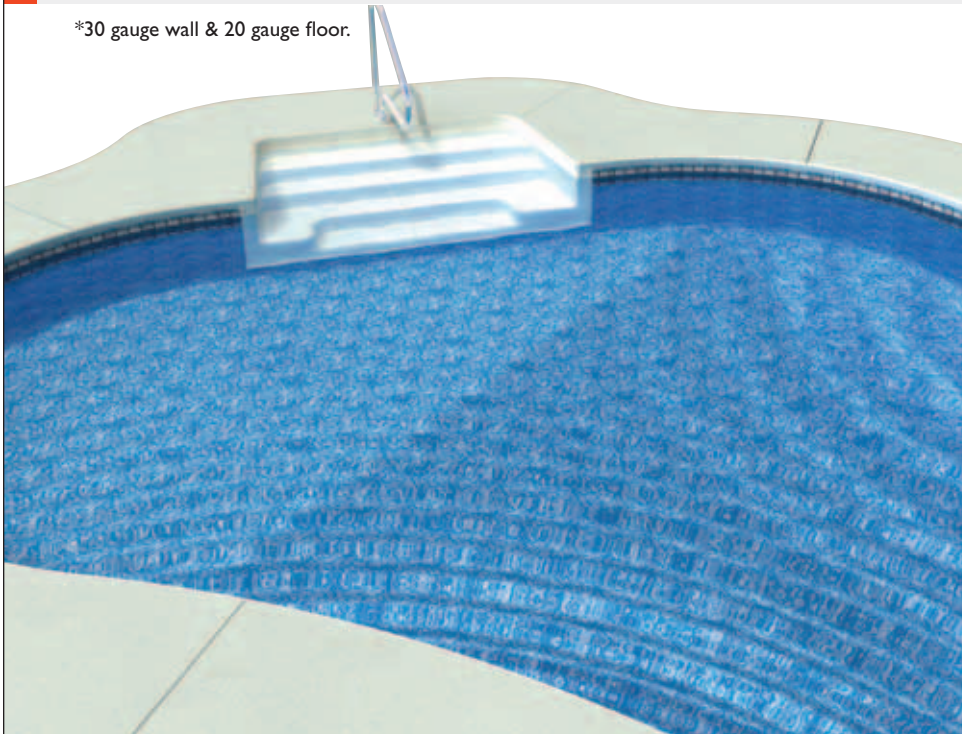

**SuperMax™** liners are designed to address the harsh winter weather cycles of freezing and thawing in the north and strong Ultra-violet rays in the south that can adversely affect a pool's surface. These select patterns use 30 gauge thickness of the material to provide MAXimum toughness so you can enjoy MAXimum carefree enjoyment.

## LA PAZ TILE / PRISM

Available in: 20 Gauge / 30 Gauge / 30\*-20 Blended Gauge

\*30 gauge wall & 20 gauge floor.

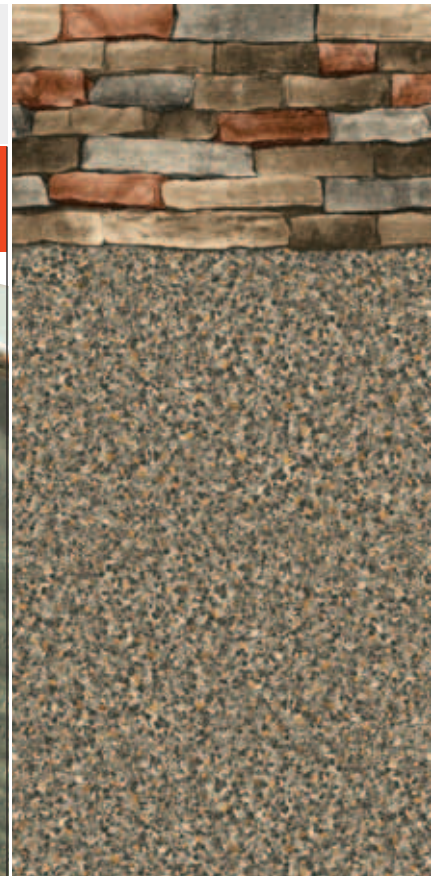

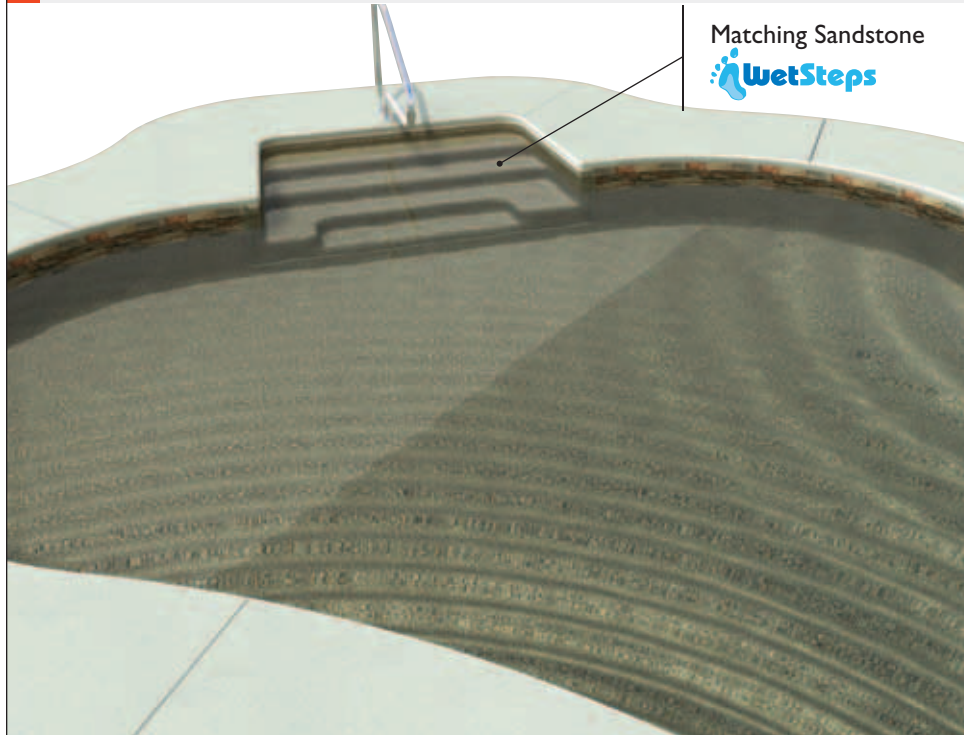

**Note:** All blended gauge liners - add 15% up charge

## CARMEL / SANDSTONE

Available in: 30 Gauge

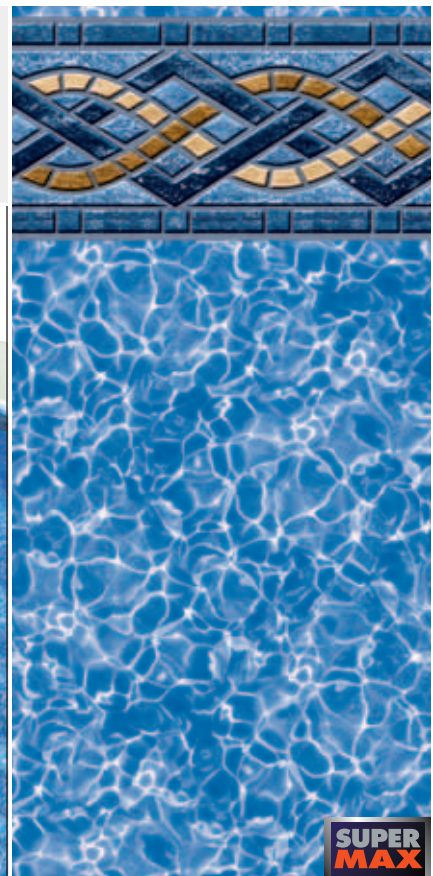

## PANAMA TILE / PRISM

**MAXimum  
Durability**

Look for this symbol on choice patterns for MAXimum durability.

**SuperMax™** liners are designed to address the harsh winter weather cycles of freezing and thawing in the north and strong Ultra-violet rays in the south that can adversely affect a pool's surface. These select patterns use 30 gauge thickness of the material to provide MAXimum toughness so you can enjoy MAXimum carefree enjoyment.

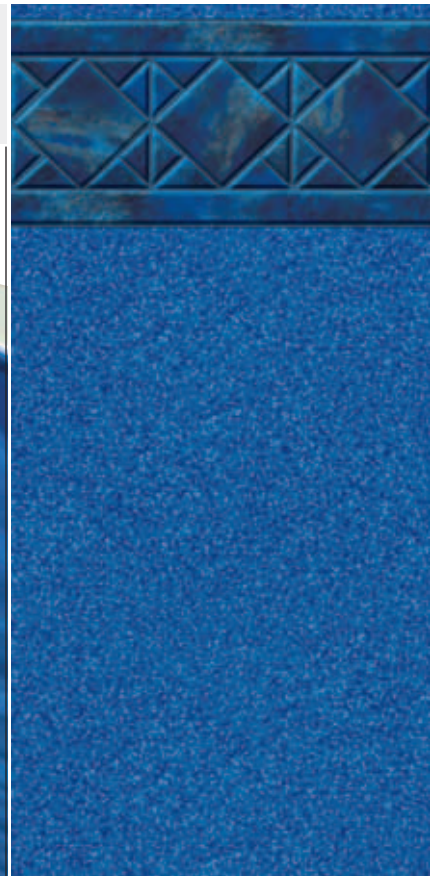

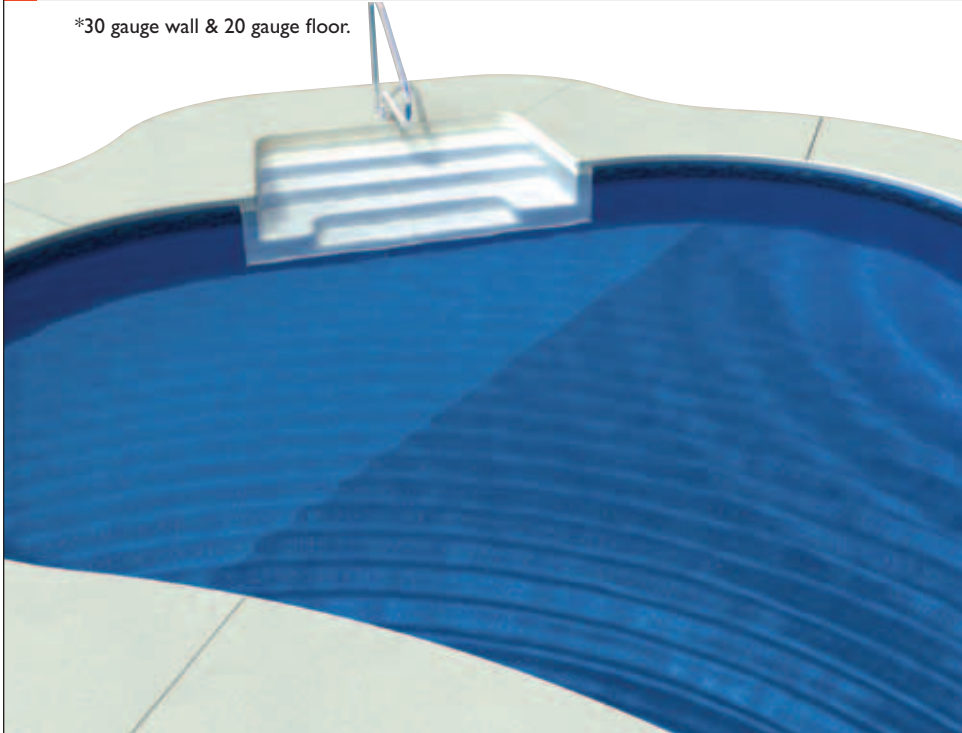

**Note:** All blended gauge liners - add 15% up charge

## ARUBA TILE / BLUE GRANITE

Available in: 20 Gauge / 30\*-20 Blended Gauge

\*30 gauge wall & 20 gauge floor.

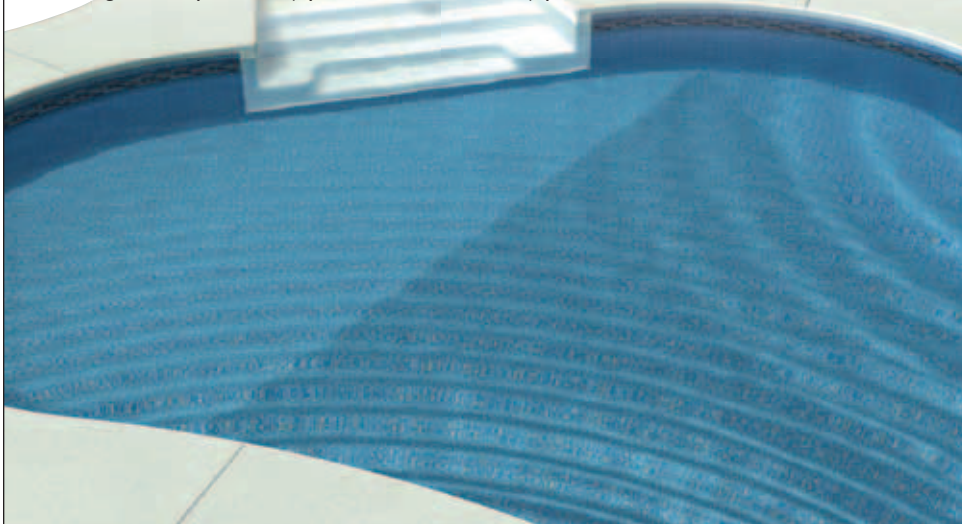

## HAVANA TILE / CREEKSTONE

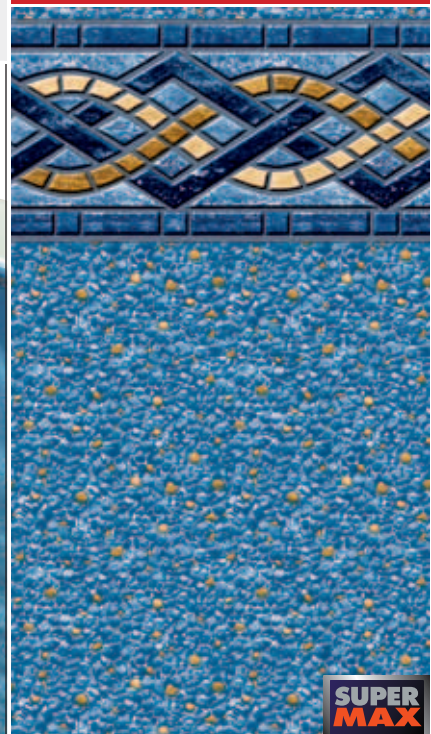

**MAXimum  
Durability**

Look for this symbol on choice patterns for MAXimum durability.

**SuperMax™** liners are designed to address the harsh winter weather cycles of freezing and thawing in the north and strong Ultra-violet rays in the south that can adversely affect a pool's surface. These select patterns use 30 gauge thickness of the material to provide MAXimum toughness so you can enjoy MAXimum carefree enjoyment.

## TruTile Ceramic Border

TruTile features a patented system that incorporates a vinyl liner wall and floor along with a 6" ceramic perimeter tile border.

- Works in any polymer, wood and steel in-ground swimming pool
- Keep the soft touch and simple care of vinyl, and add the beauty of ceramic tile
- Unlimited choice of 6" ceramic tile designs to choose from
- Can be used with any of our vinyl over Wedding Cake Steps including the NEW Radius models

## Wedding Cake Step

- Adds pizzazz to old and new pools
- Raised tread pattern for slip resistant finish
- Revolutionary clip system to secure liner to step for snug fit
- Easy to install, no need for concrete forms and messy concrete
- Molded shell makes for consistent liner installation and fit
- Totally non-corrosive, non-abrasive and non-stressful
- Fits all vinyl liner pools – polymer, steel, wood, concrete and fibreglass

### Available in 8 models:

# Superspan™ Dome

When you demand the best pool enclosure available at the best price available, the [Superspan Dome](#) qualifies on both counts. It's engineered to enable swimming straight through winter in even the coldest areas of the country, without the expense of a permanent structure. It's supported entirely by air provided by a small blower which uses minimal power.

## Available in 20 Colors:

- Black
- Dark Gray
- Light Gray
- Brown
- Purple
- Lavender
- Navy Blue
- Royal Blue
- Aqua
- Light Green
- Forest Green
- Avocado
- Yellow
- Orange
- Red
- Burgundy

## Standard Colors:
