

Media Master Series™ High-Rate Sand Filters

Doughboy's Media Master Filters bring modern technology to your fingertips for exceptional filtration and maximum convenience.

Rated #1 for Your Family!

Quality Filter Features

- Uses #20 grade Silica Sand
- **Huge, Blow-Molded Tank** (available in 3 sizes to meet your individual needs)
- **Large Access Port with V-Band Clamp**
- **Six Position Rotary Valve** (on most models)
- **360° Peripheral Underdrain System** – no lateral fingers to break.
- **Special 10 Year Limited Warranty on Filter Tank**

It's Gotta be a Doughboy!...

Doughboy's outstanding line of filtration systems consistently deliver purity that is unrivaled in the industry.

Doughboy's **Media Master Series** High-Rate Sand Filters utilize **#20 grade Silica Sand** to provide superior filtering action and excellent water clarity. These filters feature a **large, Blow-Molded Tank** for maximum sand capacity. The tank's **Single-Part Underdrain Assembly** assures maximum longevity because this unique design has no laterals which can break off. What's more, most models feature a **Six Position Rotary Valve** for maximum convenience. The end result – reliable performance, longevity, extraordinary clarity with very little maintenance.

MM 1900

- High Density Polyethylene 19" (I.D.) Dia. Tank
