

Biography:

JOSH KREISMAN

SENIOR ASSOCIATE

Josh Kreisman is a CPA, CA (Canada) with over 5 years' experience in public accounting, forensic accounting, litigation support and business valuation. Prior to joining GlassRatner, Josh worked for Ernst & Young in their Halifax, Ottawa, and Toronto offices and as a Senior Staff Accountant in the EY Toronto Audit Group. He also previously worked at a public accounting firm in its Business Valuation and Forensic Accounting practice.

Some of Josh's relevant experience includes:

- Assisted with the calculation of damages for a leading consumer transaction technology company within the financial services industry. Damages related to trademark infringement claims under the Lanham Act, copyright infringement, misappropriation of trade secrets, breach of contract and tortious interference.
- Assisted with the calculation of estimated damages relating to a data breach containing over 1.2 million records from a fast-food restaurant chain. Analysis related to a review of costs incurred by each financial institution affected along with the estimated damages suffered as a result of providing remedy solutions to each card-member.
- Assisted with the rebuttal expert report regarding a trade secrets claim for a customer list of a large multinational consumer products conglomerate. Analyzed and critiqued the opposing experts' calculation of damages which included reasonable royalty and unjust enrichment claims.
- Assessment of the financial impact on a proposed city de-annexation in southern Georgia. Duties included analysis of estimated lost annual tax revenues, impact on assessed values of property and the city's ability to finance remaining debt obligations;
- Assisted with the preliminary calculation of damages relating to the class-action Yahoo Data Breach lawsuit, the largest data breach in the world, specifically assessing the impact and estimated lost value of Personal Identifiable Information (PII) for each class member;
- Litigation support in connection with a class action damages claim by a group of investors against the largest commercial real estate services firm in the U.S. seeking \$84M in damages. Josh was responsible for the forensic reconstruction of general ledger accounts, funds tracing, commercial real estate market trends in the State of Florida, critique of opposing expert reports, and jury trial demonstratives;
- Forensic tracing analysis of credit card purchases relating to an alleged \$4M shareholder fraud over a 6 year period;
