

Biography:

RYAN GUSTAFSEN

ASSOCIATE

[vCard](#)

Ryan Gustafsen joined GlassRatner in January of 2017 as an Associate in the Los Angeles office. Ryan completed the GlassRatner internship program in the summer of 2016 where his background in economics, accounting, and law enforcement enabled him to enjoy a successful and rewarding internship while working on valuations, fraud, and litigation support matters.

Since joining GlassRatner, Ryan has worked on multiple engagements which include:

- Valuation, forensic accounting, and litigation support services on several ongoing litigation matters in a variety of industries which involved analysis in fraud, attestation of payments rendered, and patent infringements
- Lost Profit Analysis for a clothing retailer involving infringement of their intellectual property.
- Percentage of Completion valuations for a client involved in a construction services litigation

Ryan graduated from the University of California, Los Angeles with a degree in Economics and Geography with a minor in Accounting in December of 2016.
