Boris Steffen is an expert in financial and managerial accounting, corporate finance, valuation and solvency with multi-industry, multi-company experience assisting clients in managing a wide range of operating, financing and investing transactions and claims. Matters in which he has consulted or testified have involved antitrust and competition policy, bankruptcy, restructuring and insolvency, breach of contract, corporate governance, ERISA, family law, fraud, intellectual property, international trade and arbitration, mergers and acquisitions, valuation, pricing, costs and profitability and securities.

The industries in which Boris has consulted include the aerospace, aggregates, asbestos, automotive, batteries, beef processing, biotechnology, business services, cable network, chemical, consumer product, construction, defense, document management, electronic imaging, financial services & banking, food & beverage, healthcare, HVAC, independent power, information technology, insurance, internet, newspaper, magazine, pharmaceutical, oil & gas, paper and industrial packaging, printing, pumps & controls, plumbing, real estate, retail, semiconductor, software, steel, telecom, tobacco, electric utility and water industries.

Examples of Boris' experience include:

- Testified in Delaware Chancery Court as to the fair value of BMC Software, Inc.'s equity in an appraisal action brought pursuant to the \$6.9 billion LBO of BMC
- Testified in the specificity of merger efficiencies in the Sirius XM Satellite Radio merger litigation
- Testified as to the value and specificity of synergies in hearings to review the proposed merger of Great Plains Energy and Westar Energy, and the proposed merger of Exelon Corporation and Public Service Enterprise Group
- Testified as to the pricing & profitability in the first FTC v. Staples/Office Depot preliminary injunction
- Participated in investigations, compliance reviews and litigation of competition and consumer protection claims arising under the Hart-Scott-Rodino, FTC, Sherman, Clayton, Robinson-Patman and Williams Acts

Boris has also advised on damages in the Enron bankruptcy, Vitamins & AMD/Intel antitrust cases, and Vulcan Materials/Martin Marietta Materials hostile takeover battle; on fair value in the Xerox/ACS & Grifols/Talecris mergers and Chapter 11 cases of Prince Sports, Conexant Systems, Namco, Oreck, Exide Technologies and Energy Future Holdings; and on solvency in the American Eagle Energy Corporation,
