

GUARDIAN CENTERS

SPECIAL OPERATIONS FORCES

Guardian Centers is an 830-acre training complex, purpose-built to support the sophisticated requirements of today's special operations forces and operational command groups.

Our training complex offers the size and scale needed to fully test the limits of our nation's most specialized military personnel, both individually and organizationally, at all levels of complexity. More important, we have the flexibility to focus on unit-specific training objectives; and the capacity to execute joint-operational, cross-functional exercises on a large scale – all with unmatched realism.

At Guardian Centers, training results are tangible. The outcome is improved real-world proficiency with enhanced operational precision.

UNIQUE CAPABILITIES IN:

- ▶ Sustainment and full mission profile training
- ▶ Mission rehearsal exercises
- ▶ Infil/exfil operations
- ▶ Sensitive targeting and direct action training
- ▶ RUT and MOUT operations
- ▶ Joint air-ground operations
- ▶ Kinetic operations including explosives, simunitions, and live-fire

SPECIAL OPERATIONS FORCES

GUARDIAN CENTERS TRAINING COMPLEX

PERRY, GA

- 1** 60 single- and multi-story, multi-composition buildings furnished to real-world specifications for RUT and MOUT operations
- 2** Sub-level tunnel complex for direct action and targeting in confined-space environments
- 3** 3-story fully functional operations center with FAA-certified roof-top helipad (up to H-60), and multiple rural and urban HLZs, to support joint air-ground operations
- 4** 1.1-mile, 4-lane, DOT-spec interstate highway with positive and negative camber corners, and over 6 miles of urban environment surface roadways
- 5** Concrete and steel collapsed structures, with special effects, for post-strike target verification operations
- 6** Downtown buildings furnished to real-world specifications for infil/exfil, methodical clearing, and direct action operations
- 7** Over 11 acres of gravel and black-top rally point areas
- 8** 7 multi-story buildings with fixed anchors for rappelling techniques, and tactical breaching walls for mechanical and explosive breach & clear operations

REAL TRAINING FOR REAL-WORLD OPERATIONS.
