

USAR Training Medical Team Specialist

This course provides training on medical care to patients and team members in austere environments during a disaster.

This National Urban Search & Rescue (US&R) Response System, newly developed Medical Team Specialist (MTS) Course will provide Emergency Responders with the same training received by FEMA USAR Medical Specialists and Medical Team Managers (Physicians). The course cadre includes credentialed federal instructors (medics, physician medical director, and veterinarian) providing a 4:1 student/instructor ratio. This course meets the initial training requirements for Urban Search and Rescue Team Medical Specialists and Medical Team Managers.

The new blended learning MTS Course is 55.0 hours in length; 13.0 hours of Computer-Based Training (CBT), and 42.0 hours of Instructor Led Training (ILT).
