

USAR Medical Specialist Medical Team Training

This course provides training on medical care to patients and team members in austere environments during a disaster.

This course will provide Emergency Responders with the same training received by USAR Medical Specialists and Medical Team Managers (Physicians). The course cadre includes credentialed federal instructors (medics, physician medical director, and veterinarian) providing a 4:1 student/instructor ratio. This course meets the initial training requirements for Urban Search and Rescue Team Medical Specialists and Medical Team Managers.
